

Visco Star 20 LC

Visco Star 20 LC

One component machine
for processing of highly
viscose and reactive
materials

- ergonomic gun
- easy gun handling due to swivel joint
- plant easy to maintain
- simple and robust design
- movable
- low-cost

Security as to the process
Stable as to quality

One component machine for processing of highly viscose and reactive materials

Technical data	
Output for typical one component polyurethanes	117 ccm per double stroke 1500 gr/min
Drum size	20 - 23 l
Pressure transmission ratio	52 : 1
Admissible working pressure	300 bar
Drive and control	pneumatic
Air pressure	6 bar
Dimensions	800 x 600 mm
Weight	115 kg
Material hose for hobcock (∅ 280 mm) (other diameters on demande)	High pressure hose (teflon core) (diffusion-tight)
