Single-phased compressor EUROPRO 40 | ref.80336

The EUROPRO 40 compressor is a compressor designed for intensive use on all types of jobs. Mounted on a trolley with inflatable tyres and a folding arm, it is easy to move around.

The compressor is equipped with a filtered regulator with a quick-connect coupling, an air output with a quick-connect half-coupling, an automatic valve that regulates the air pressure within the tank and a high efficiency compressor head.

In addition, with its collector and fan, it offers optimal cooling.
