

TECHNICAL DATASHEET

Continuous mixer MIXPRO 70 with adjustable frame | ref.30915

The MIXPRO 70 mixer allows a quick and homogeneous mixing of powdered products. It is equipped with a speed controller and a water doser. Its control panel with digital display is easy to use. This mixer can be used to work with machines such as Compact-Pro (models 10 to 50) with the supplied frame.

The 4-positions adjustable frame is adapted to receive the MIXPRO 70 mixer. With a spacing of 535mm between its feet, a Compact-Pro machine type 10 to 50 may be slid underneath.
